**Statement on Governor Sununu's Executive Order 2021-09:
*An order directing additional actions to address the mental health
crisis in the State of New Hampshire*
(May 13, 2021)**

NAMI New Hampshire applauds the Executive Order issued by Governor Sununu today to address the mental health crisis in the state of New Hampshire. The Executive Order takes important steps to ensure that people in a mental health crisis have immediate access to mental health care and will also promote the expansion of needed community-based services.
