New Hampshire’s Kid Governor Speaks at National Convention
Charlie Olsen presents keynote address at NAMICon

New Hampshire's Kid Governor Charlie Olsen delivered a powerful keynote during the July 27th opening session of NAMICon, NAMI’s (National Alliance on Mental Illness) nationwide virtual convention. Charlie eloquently shared his experience with depression and inspired hope while reminding viewers they’re not alone.

Granite Staters Recognized for Advocacy and Exemplary Psychiatry

During the NAMICon event, two Granite Staters were recognized for their tireless work to improve lives affected by mental illness and suicide. NAMI New Hampshire Executive Director Ken Norton received the Richard and Betsy Greer Advocacy Award, presented by NAMI National. Each year this award honors a NAMI advocate whose leadership and vision have advanced policy and advocacy efforts that impact people living with mental illness and their families.

Also recognized was Dr. Isabel Norian, named a NAMI 2021 Exemplary Psychiatrist. Dr. Norian, who recently completed her term on NAMI New Hampshire’s Board of Directors, was one of only six psychiatrists nationally to be awarded this honor.

ABOUT NAMI New Hampshire
NAMI New Hampshire is a grassroots organization working to improve the lives of all people affected by mental illness and suicide through support, education and advocacy. Learn more at NAMINH.org.
