

Statement on COVID-19 Vaccination

(Rev. November 12, 2021)

As a mental health advocacy organization, and as a member of the New Hampshire COVID-19 Vaccine Alliance, NAMI New Hampshire wholeheartedly supports the full implementation of the Centers for Disease Control & Prevention (CDC) vaccination recommendations to stop the spread of COVID-19. The pandemic and efforts to prevent COVID-19's spread through social distancing and other mitigation measures have significantly impacted the mental health of Granite Staters of all ages. As such, NAMI NH sees full implementation of the vaccine plan as critical to the physical and mental health of our families and communities, and integral to decreasing suicide risk statewide.

Find Help, Find Hope.
