INFORMATION AND RESOURCE PROGRAM EVALUATION SUMMARY

The **NAMI NH Information and Resource Program** is a service available to individuals seeking information about mental illness, those who are experiencing their first exposure to the illness of a loved one, or those who are trying to manage a crisis. Contacting the **NAMI NH Information and Resource Program**, families can access information, support through multiple means, and become connected with the NAMI NH Network. This contact can satisfy a family need quickly and effectively, thus reducing the impact of illness.

Families and others who have questions about mental illness, recovery, and resources can have their inquiries addressed through multiple ways:

- Phone - 1-800-242-6264
- Email - info@naminh.org
- Walk in - in person visit to the NAMI NH office
- The NAMI NH mental health resource center

The NAMI NH Website - <http://www.naminh.org>

EVALUATION RESULTS

The **NAMI NH Information and Resource Program** is evaluated using a brief survey sent to all individuals who contact the program and provide an email address and/or mailing address. This survey goes out quarterly and assess how quickly NAMI NH responded to the information/resource request, the quality of the response, the helpfulness of the Information and Resource Specialist, and their overall experience with the **NAMI NH Information and Resource Program**.

Each year NAMI NH receives over 1,000 contacts through I&R, and 95,000 unique visitors on our websites; all calls are helped through the **NAMI NH Information and Resource Program**. Of the sample contacted for a follow-up survey, approximately 7% responded.

- 88% of requests were responded to within 2 business days—65% were handled within 24 hours
- 8 out of 10 respondents report receiving accurate information or being directed to an appropriate agency/organization
- The Information and Resource Specialists were rated as very friendly, responsive, patient, enthusiastic, and courteous
- 71% of respondents rated their experiences with the **NAMI NH Information and Resource Program** as being above average
